

Save Resources Poem

Think twice before choosing,
The material you will be using

Please recycle your tins,
Don't dump them in bins

Do not use plastic drainers,
Recycle old containers

Any plastic you consume,
Have produced toxic fume

Don't use plastic tags,
Say "no" to plastic bags

You see a plastic, do not come near,
Burning of plastic pollutes the atmosphere

Plastic production for masses,
Pollutes our planet with poisonous gases

Kids can have plenty of joy,
With a non-plastic toy

Do not use a spray deodorant on a sports player,
It widens the hole in the ozone layer

Try simplicity,
Stop wasting electricity
